

Tetris Giant | Sega | Video | Ticket Redemption

One of the most legendary and addictive video games ever is back in the arcades and it's bigger than ever... literally! Challenge yourself in either score attack or line attack, or why not buddy up with a friend and work together in co-op mode. Alternatively, make things interesting and go head to head in 'versus mode'. Tetris is one of the most played games around the world and all ages will enjoy this fantastic super sized puzzle 'em up.

2 player | 47" LCD Screen | Single, Vs & Co-op modes | 1000 name leader board | Giant joysticks

Gameplay

Use the falling blocks to make horizontal lines. When a line is completed the player will score points and the line will be cleared. You can make sets of 1, 2, 3, or 4 lines. If the blocks reach the top it's game over. In versus mode, when the player makes lines they inflict extra blocks on to their opponent making it more difficult for them. Last player standing wins!

Co-op Line attack
